OVERVIEW

DESIGN OVERVIEW

Disney experts from across China and around the world worked collaboratively to create a resort that is authentically Disney and distinctly Chinese. Shanghai Disney Resort incorporates unique Chinese characteristics and elements that reflect Chinese consumers' preferences. Throughout Shanghai Disneyland, classic Disney characters and storytelling blends with Chinese customs and celebrations to create a unique experience for guests in Shanghai. Some of the Chinese influences are immediately recognizable and some are more subtly incorporated throughout the resort. A walk around the resort reveals the beauty and identity of today's China, while some places take Chinese guests into a whole new immersive world.

OWNERSHIP AND MANAGEMENT

Shanghai Disney Resort, comprised of two owner companies and a management company, is a joint venture between The Walt Disney Company and Shanghai Shendi Group. Shanghai Shendi Group owns a 57% interest in the two owner companies, and The Walt Disney Company owns the remaining 43% interest. The management company, in which The Walt Disney Company has a 70% interest and Shanghai Shendi Group has the remaining 30% interest, is responsible for operating the resort.

COMMUNITY

Shanghai Disney Resort aims to not only build and operate a world-class tourism destination, but also serve as a valuable community partner and active corporate citizen in Shanghai and China. Working within the community, we provide support to address a wide range of needs for children while creating opportunities to strengthen relationships with the important adults in their lives. In honor of the grand opening of Shanghai Disney Resort, The Walt Disney Company announced a 20 million RMB/\$3.1 million USD donation to support the creation of Disney-themed play spaces. On June 8, 2017, the first Disney Play Room in Shanghai was officially opened at the Shanghai Children's Hospital. Since then, Disney Play Rooms have been opened in children's hospitals in 32 cities including Shanghai, Beijing, Guangzhou, Chengdu, Nanjing, Changsha and Kunming, among others. Over the course of the five-year program, the donation is providing more than 50 hospitals in China with playrooms and therapeutic play activities. Cast Members are also encouraged to donate their time and many talents to charitable and community endeavors through our VoluntEARS program. Since 2012, Shanghai Disney Resort VoluntEARS has contributed more than 58,000 hours in our community.

ECONOMIC IMPACT
